

To apply via EDT, follow the simple five step process.

WALAS system will support the following applications via EDT:

- Shipment application
- Shipment edit
- Product application
- Import certificate application (new, reprint and reissue)

Before you begin the EDT upload process, you will need:

- A current export licence
- A user account that has access to the EDT functionality
- JSON format file(s) – maximum of 5 files allowable at a time, with a maximum of 10 shipment applications, product applications etc. on one file

Step 1. Login

- a. Login to WALAS
- b. Select the Electronic Data Transfer button

Step 2. Updated details

- a. Select the export licence that the data transfer file will be uploaded for
- b. Select the 'Type of application' and 'Number of files to upload'

Step 3. Attachments

- a. Attach the number of files you selected

Step 4. Validation results

- a. Check for any validation errors. All uploaded files must be error free before they will be accepted and processed by WALAS

Step 5. Review

- a. Check the declaration box and click Next to submit the EDT file for processing
